

Body beating

Early in the Morning
Wake up in my car
With my head on fire
I have been driving too far
Did I had too much drinks though
Did I talk too much
Did I had some drugs too
Don't remember all

Early in the Morning
Late at Night
Hard body beating
When you are out for a ride

Every Town I'm rocking
Every movie in black/white
Keeps my Soul on fire
Keeps me up at Night
Did you hear my howling
Don't dare to understand
That I'm a senseless person
In every TV-land

Early in the Morning
Late at Night
Hard body beating
When you are out for a ride

When I'm feeling lonely
I am drinking fast
And I like drunken drivers
They make me feel alright
And if you're feeling blue
You can join me too
But if you try to teach me
Shame on you

Early in the Morning
Late at Night
Hard body beating
When you are out for a ride
